

ARINJIT ROY

SENIOR VICE PRESIDENT,
PACIFIC AND MEA OPERATIONS

Arinjit Roy is the Senior Vice President for Pacific and MEA Operations for ABS. In this role he has operational responsibility over North Pacific, South Pacific, Middle East and Africa.

With experience in the marine, offshore and power generation industries, Roy is leading change within ABS to gain operational efficiencies and prepare the survey workforce to expertly navigate the challenges brought on by the digital era, alternative fuels and changing technologies in the industry.

Previously he served as Senior Vice President, Western Hemisphere Operations where he had operational responsibility over North and South America, Europe, Middle East and Africa. Prior to that, he was Vice President of Regional Operations for Europe and Africa at ABS. Roy operates out of the ABS office in Singapore.

Roy joined ABS in 2006 as a Surveyor in the Morgan City, Louisiana Port Office. He has served in various roles including Vice President North America Business Development, Director of the Tanker Market Sector, Operations Manager of the Northern Pacific Region (South Korea and Japan) and Divisional Lead Offshore Surveyor – Pacific, based in Singapore.

Prior to joining ABS, Roy worked for Tidewater Marine as a Port Engineer and Tampa Bay Shipbuilding as Assistant Drydock Supervisor. He is a member of the Society of Naval Architects and Marine Engineers (SNAME) and holds a Bachelor of Science in Marine Engineering Technology from Maine Maritime Academy and an MBA from Nicholls State University.
