

HEALTH, SAFETY, ENVIRONMENT AND QUALITY (HSQE) POLICY

The following is the HSQE Management System Policy Statement adopted by the management of ABS:

“We will respond to the needs of our members, clients and the public by delivering quality products and services in support of our Mission that provides for the safety of life and property and the protection of the natural environment.

With the input and the participation of our workers, we are committed to continually improving the effectiveness of our HSQE performance and management system by identifying risks and opportunities that help to eliminate hazards and reduce risks and by providing safe and healthy working conditions for the prevention of work-related injury, ill health and pollution.

We will comply with all applicable legal requirements as well as any additional requirements ABS subscribes to which relate to ABS and our HSQE aspects, objectives and targets.”
